DentaQuest USA Insurance Company

Statement of Members Rights and Responsibilities

The mission of DentaQuest is to expand access to high-quality, compassionate healthcare services within the allocated resources. DentaQuest is committed to ensuring that all Members are treated in a manner that respects their rights and acknowledges its expectations of Member's responsibilities. The following is a statement of Member's rights and responsibilities.

1. All Members have a right to receive pertinent written, and up-to-date information about DentaQuest, the managed care services DentaQuest provides, the Participating Providers and dental offices, as well as Member rights and responsibilities.

2. All Members have a right to privacy and to be treated with respect and recognition of their dignity when receiving dental care.

3. All Members have the right to fully participate with caregivers in the decision making process surrounding their health care.

4. All Members have the right to be fully informed about the appropriate or medically necessary treatment options for any condition, regardless of the coverage or cost for the care discussed.

5. All Members have the right to voice a complaint against DentaQuest, or any of its participating dental offices, or any of the care provided by these groups or people, when their performance has not met the Member's expectations.

6. All Members have the right to appeal any decisions related to patient care and treatment. Members may also request an external review or second opinion.

7. All Members have the right to make recommendations regarding DentaQuest's/Plan's members' rights and responsibilities policies.

Likewise:

1. All Members have the responsibility to provide, to the best of their abilities, accurate information that DentaQuest and its participating dentists need in order to provide the highest quality of health care services.

2. All Members have a responsibility to closely follow the treatment plans and home care instructions for the care that they have agreed upon with their health care practitioners.

3. All Members, have the responsibility to participate in understanding their health problems and developing mutually agreed upon treatment goals to the degree possible.

DentaQuest USA Insurance Company

Statement of Provider Rights and Responsibilities

Providers shall have the right to:

1. Communicate with patients, including Members regarding dental treatment options.

2. Recommend a course of treatment to a Member, even if the course of treatment is not a covered benefit, or approved by Plan/DentaQuest.

3. File an appeal or complaint pursuant to the procedures of Plan/DentaQuest.

4. Supply accurate, relevant, factual information to a Member in connection with an appeal or complaint filed by the Member.

5. Object to policies, procedures, or decisions made by Plan/DentaQuest.

6. If a recommended course of treatment is not covered, e.g., not approved by Plan/DentaQuest, the participating Provider must notify the Member in writing and obtain a signature of waiver if the Provider intends to charge the Member for such a non-compensable service.

7. To be informed of the status of their credentialing or recredentialing application, upon request.

1.00   PATIENT ELIGIBILITY VERIFICATION PROCEDURES

1.01   Plan Eligibility

Any person who is enrolled in a Plan's program is eligible for benefits under the Plan certificate.

1.02   Member Identification Card

Members receive identification cards from their Plan. Participating Providers are responsible for verifying that Members are eligible at the time services are rendered and to determine if recipients have other health insurance.

Please note that due to possible eligibility status changes, this information does not guarantee payment and is subject to change without notice.

Members will receive a Plan ID Card.

DentaQuest recommends that each dental office make a photocopy of the Member's identification card each time treatment is provided. It is important to note that the Health Plan identification card is not dated and it does not need to be returned to the Health Plan should a Member lose eligibility. Therefore, an identification card in itself does not guarantee that a person is currently enrolled in the Health Plan.

1.03   DentaQuest Eligibility Systems

Participating Providers may access Member eligibility information through DentaQuest's Interactive Voice Response (IVR) system or through the "Providers Only" section of DentaQuest's website at www.dentaquest.com. The eligibility information received from either system will be the same information you would receive by calling DentaQuest's Customer Service department; however, by utilizing either system you can get information 24 hours a day, 7 days a week without having to wait for an available Customer Service Representative.

Access to eligibility information via the Internet
DentaQuest's Internet currently allows Providers to verify a Member's eligibility as well as submit claims directly to DentaQuest. You can verify the Member's eligibility on-line by entering the Member's date of birth, the expected date of service and the Member's

identification number or last name and first initial. To access the eligibility information via DentaQuest's website, simply log on to the website at www.dentaquest.com. Once you have entered the website, click on "Dentist". From there choose your 'State" and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business's NPI or TIN, State and Zip Code. If you have not received instruction on how to complete Provider Self Registration contact DentaQuest's Customer Service Department at 800-469-6314. Once logged in, select "eligibility look up" and enter the applicable information for each Member you are inquiring about. You are able to check on an unlimited number of patients and can print off the summary of eligibility given by the system for your records.

Access to eligibility information via the IVR line

To access the IVR, simply call DentaQuest's Customer Service Department at 855.398.8411 and press 1 for eligibility. The IVR system will be able to answer all of your eligibility questions for as many Members as you wish to check. Once you have completed your eligibility checks, you will have the option to transfer to a Customer Service Representative to answer any additional questions, i.e. Member history, which you may have. Using your telephone keypad, you can request eligibility information on a Medicaid or Medicare Member by entering your 6 digit DentaQuest location number, the Member's recipient identification number and an expected date of service. Specific directions for utilizing the IVR to check eligibility are listed below. After our system analyzes the information, the patient's eligibility for coverage of dental services will be verified. If the system is unable to verify the Member information you entered, you will be transferred to a Customer Service Representative.

<div style="border:1px solid black; padding:10px;">

Directions for using DentaQuest's IVR to verify eligibility:
Entering system with Tax and Location ID's

1. Call DentaQuest Customer Service at 855.398.8411.
2. After the greeting, stay on the line for English or press 1 for Spanish.
3. When prompted, press or say 2 for Eligibility.
4. When prompted, press or say 1 if you know your NPI (National Provider Identification number) and Tax ID number.
5. If you do not have this information, press or say 2. When prompted, enter your User ID (previously referred to as Location ID) and the last 4 digits of your Tax ID number.
6. Does the member's ID have **numbers and letters** in it? If so, press or say 1. When prompted, enter the member ID.
7. Does the member's ID have **only numbers** in it? If so, press or say 2. When prompted, enter the member ID.
8. Upon system verification of the Member's eligibility, you will be prompted to repeat the information given, verify the eligibility of another member, get benefit information, get limited claim history on this member, or get fax confirmation of this call.
9. If you choose to verify the eligibility of an additional Member(s), you will be asked to repeat step 5 above for each Member.

</div>

Please note that due to possible eligibility status changes, the information provided by either system does not guarantee payment.

If you are having difficulty accessing either the IVR or website, please contact the Provider Service Department at (800-469-6314. They will be able to assist you in utilizing either system.

1.04   Health Plan Eligibility Phone Number

Alignment Health Plan Member Services: 1-866-634-2247

1.05   Specialist Referral Process

A patient requiring a referral to a dental specialist can be referred directly to any specialist contracted with DentaQuest without authorization from DentaQuest. The dental specialist is responsible for obtaining prior authorization for services according to Appendix B of this manual. If you are unfamiliar with the DentaQuest contracted specialty network or need assistance locating a certain specialty, please contact DentaQuest's Customer Service Department.

2.00   Authorization for Treatment

2.01   Dental Treatment Requiring Authorization

Authorization is a utilization tool that requires Participating Providers to submit "documentation" associated with certain dental services for a Member. Participating Providers will not be paid if this "documentation" is not provided to DentaQuest. Participating Providers must hold the Member, DentaQuest, Plan and Agency harmless as set forth in the Provider Participation Agreement if coverage is denied for failure to obtain authorization (either before or after service is rendered).

DentaQuest utilizes specific dental utilization criteria as well as an authorization process to manage utilization of services. DentaQuest's operational focus is to assure compliance with its utilization criteria. The criteria are included in this manual (see Clinical Criteria section). Please review these criteria as well as the Benefits covered to understand the decision making process used to determine payment for services rendered.

A.   Authorization and documentation submitted before treatment begins (Non-emergency) treatment.

Services that require authorization (non-emergency) should not be started prior to the determination of coverage (approval or denial of the authorization). Non-emergency treatment started prior to the determination of coverage will be performed at the financial risk of the dental office. If coverage is denied, the treating dentist will be financially responsible and may not balance bill the Member, the Plan and/or DentaQuest.

Your submission of "documentation" should include:

1.   Radiographs, narrative, or other information where requested (See Exhibits for specifics by code)
2.   CDT codes on the claim form

Your submission should be sent on an ADA approved claim form. The tables of Covered Services (Exhibits) contain a column marked Authorization Required. A "Yes" in this column indicates that the service listed requires authorization (documentation) to be considered for reimbursement.

After the DentaQuest dental director reviews the documentation, the submitting office shall be provided an authorization number. The authorization number will be provided within two business days from the date the documentation is received. The authorization number will be issued to the submitting office by mail and must be submitted with the other required claim information after the treatment is rendered.

B.   Submitting Authorization Requests and X-Rays

- Electronic submission using the new web portal
- Electronic submission using National Electronic Attachment (NEA) is recommended. For more information, please visit www.nea-fast.com and click the "Learn More" button. To register, click the "Provider Registration" button in the middle of the home page.
- Submission of duplicate radiographs (which we will recycle and not return)
- Submission of original radiographs with a self addressed stamped envelope (SASE) so that we may return the original radiographs. Note that determinations will be sent separately and any radiographs received without a SASE will not be returned to the sender.

Please note we also require radiographs be mounted when there are 5 or more radiographs submitted at one time. If 5 or more radiographs are submitted and not mounted, they will be returned to you and your request for prior authorization and/or claims will not be processed. You will need to resubmit a copy of the 2006 or newer ADA form that was originally submitted, along with mounted radiographs so that we may process the claim correctly.

Acceptable methods of mounted radiographs are:

- Radiographs duplicated and displayed in proper order on a piece of duplicating film.
- Radiographs mounted in a radiograph holder or mount designed for this purpose.

Unacceptable methods of mounted radiographs are:

- Cut out radiographs taped or stapled together.
- Cut out radiographs placed in a coin envelope.
- Multiple radiographs placed in the same slot of a radiograph holder or mount.

All radiographs should include member's name, identification number and office name to ensure proper handling.

C.   Authorization and documentation submitted with claim (Emergency treatment)

DentaQuest recognizes that emergency treatment may not permit authorization to be obtained prior to treatment. In these situations services that require authorization, but are rendered under emergency conditions, will require the same "documentation" be provided with the claim when the claim is sent for payment. It is essential that the Participating Provider understand that claims sent without this "documentation" will be denied.

2.02   Payment for Non-Covered Services

Participating Providers shall hold Members, DentaQuest, Plan and Agency harmless for the payment of non-Covered Services except as provided in this paragraph. Provider may bill a Member for non-Covered Services if the Provider obtains a written waiver from the Member prior to rendering such service that indicates:

- the services to be provided;
- DentaQuest, Plan and Agency will not pay for or be liable for said services; and

- member will be financially liable for such services.

2.03   Electronic Attachments

DentaQuest accepts dental radiographs electronically via FastAttach™ for authorization requests.   DentaQuest, in conjunction with National Electronic Attachment, Inc. (NEA), allows Participating Providers the opportunity to submit all claims electronically, even those that require attachments. This program allows transmissions via secure Internet lines for radiographs, periodontic charts, intraoral pictures, narratives and EOBs.

FastAttach™ is inexpensive and easy to use, reduces administrative costs, eliminates lost or damaged attachments and accelerates claims and prior authorization processing. It is compatible with most claims clearinghouse or practice management systems.

For more information or to sign up for FastAttach go to www.nea-fast.com or call NEA at:

800.782.5150

2.04   Dispute Resolution /Provider Appeals Procedure

Participating Providers that disagree with determinations made by the DentaQuest dental directors may submit a written Notice of Appeal to DentaQuest that specifies the nature and rationale of the disagreement. This notice *and* additional support information must be sent to DentaQuest within 60 days from the date of the original determination to be reconsidered by DentaQuest's Peer Review Committee.

> DentaQuest - Claims
> PO Box 2906
> Milwaukee, WI 53201-2906

All notices received shall be submitted to DentaQuest's Peer Review Committee for review and reconsideration. The Committee will respond in writing with its decision to the Provider.

3.00   Claim Submission Procedures (claim filing options)

DentaQuest receives dental claims in four possible formats. These formats include:

- Electronic claims via DentaQuest's website (www.dentaquest.com).
- Electronic submission via clearinghouses.
- HIPAA Compliant 837D File.
- Paper claims.

3.01   Submitting Authorization or Claims with X-Rays

- Electronic submission using the new web portal
- Electronic submission using National Electronic Attachment (NEA) is recommended. For more information, please visit www.nea-fast.com and click the "Learn More" button. To register, click the "Provider Registration" button in the middle of the home page.
- Submission of duplicate radiographs (which we will recycle and not return)
- Submission of original radiographs with a self addressed stamped envelope (SASE) so that we may return the original radiographs. Note that determinations will be sent separately and any radiographs received without a SASE will not be returned to the sender.

Please note we also require radiographs be mounted when there are 5 or more radiographs submitted at one time. If 5 or more radiographs are submitted and not mounted, they will be returned to you and your request for prior authorization and/or claims will not be processed. You will need to resubmit a copy of the 2006 or newer ADA form that was originally submitted, along with mounted radiographs so that we may process the claim correctly.

Acceptable methods of mounted radiographs are:

- Radiographs duplicated and displayed in proper order on a piece of duplicating film.
- Radiographs mounted in a radiograph holder or mount designed for this purpose.

Unacceptable methods of mounted radiographs are:

- Cut out radiographs taped or stapled together.
- Cut out radiographs placed in a coin envelope.
- Multiple radiographs placed in the same slot of a radiograph holder or mount.

All radiographs should include member's name, identification number and office name to ensure proper handling.

3.02   Electronic Claim Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit claims directly to DentaQuest by utilizing the "Dentist" section of our website. Submitting claims via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member's eligibility prior to providing the service.

To submit claims via the website, simply log on to www.dentaquest.com. Once you have entered the website, click on the "Dentist" icon. From there choose your 'State' and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business's NPI or TIN, State and Zip Code. DentaQuest should

have contacted your office in regards on how to perform Provider Self Registration or contact DentaQuest's Customer Service Department at 855.398.8411. Once logged in, select "Claims/Pre-Authorizations" and then "Dental Claim Entry". The Dentist Portal allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the claim.

If you have questions on submitting claims or accessing the website, please contact our Systems Operations at 888.560.8135 or via e-mail at:

EDITeam@dentaquest.com

3.03   Electronic Authorization Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit Pre-Authorizations directly to DentaQuest by utilizing the "Dentist" section of our website. Submitting Pre-Authorizations via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member's eligibility prior to providing the service.

To submit pre-authorizations via the website, simply log on to www.dentaquest.com. Once you have entered the website, click on the "Dentist" icon. From there choose your 'State" and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business's NPI or TIN, State and Zip Code. If you have not received instruction on how to complete Provider Self Registration contact DentaQuest's Customer Service Department at (888) 224-8482. Once logged in, select "Claims/Pre-Authorizations" and then "Dental Pre-Auth Entry".

The Dentist Portal also allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the pre-authorization.

3.04   Electronic Claim Submission via Clearinghouse

DentaQuest works directly with Emdeon (1-888-255-7293), Tesia 1-800-724-7240, EDI Health Group 1-800-576-6412, Secure EDI 1-877-466-9656 and Mercury Data Exchange 1-866-633-1090, for claim submissions to DentaQuest.

You can contact your software vendor and make certain that they have DentaQuest listed as the payer and claim mailing address on your electronic claim. Your software vendor will be able to provide you with any information you may need to ensure that submitted claims are forwarded to DentaQuest. DentaQuest's Payor ID is CX014.

3.05   HIPAA Compliant 837D File

For Providers who are unable to submit electronically via the Internet or a clearinghouse, DentaQuest will work directly with the Provider to receive their claims electronically via a HIPAA compliant 837D or 837P file from the Provider's practice management system. Please email EDITeam@dentaquest.com to inquire about this option for electronic claim submission.

3.06   NPI Requirements for Submission of Electronic Claims

In accordance with the HIPAA guidelines, DentaQuest has adopted the following NPI standards in order to simplify the submission of claims from all of our providers, conform to industry required standards and increase the accuracy and efficiency of claims administered by DentaQuest.

- Providers must register for the appropriate NPI classification at the following website https://nppes.cms.hhs.gov/NPPES/Welcome.do and provide this information to DentaQuest in its entirety.
- All providers must register for an Individual NPI. You may also be required to register for a group NPI (or as part of a group) dependant upon your designation.
- When submitting claims to DentaQuest you must submit all forms of NPI properly and in their entirety for claims to be accepted and processed accurately. If you registered as part of a group, your claims must be submitted with both the Group and Individual NPI's. These numbers are not interchangeable and could cause your claims to be returned to you as non-compliant.
- If you are presently submitting claims to DentaQuest through a clearinghouse or through a direct integration you need to review your integration to assure that it is in compliance with the revised HIPAA compliant 837D format. This information can be found on the 837D Companion Guide located on the Provider Web Portal.

3.07   Paper Claim Submission

- Claims must be submitted on ADA approved claim forms or other forms approved in advance by DentaQuest.

- Member name, identification number, and date of birth must be listed on all claims submitted. If the Member identification number is missing or miscoded on the claim form, the patient cannot be identified. This could result in the claim being returned to the submitting Provider office, causing a delay in payment.

- The paper claim must contain an acceptable provider signature.

- The Provider and office location information must be clearly identified on the claim. Frequently, if only the dentist signature is used for identification, the dentist's name cannot be clearly identified. Please include either a typed dentist (practice) name or the DentaQuest Provider identification number.

- The paper claim form must contain a valid provider NPI (National Provider Identification) number. In the event of not having this box on the claim form, the NPI must still be included on the form. The ADA claim form only supplies 2 fields to enter NPI. On paper claims, the Type 2 NPI identifies the payee, and may be submitted in conjunction with a Type 1 NPI to identify the dentist who provided the treatment. For example, on a standard ADA Dental Claim Form, the treating dentist's NPI is entered in field 54 and the billing entity's NPI is entered in field 49.

- The date of service must be provided on the claim form for each service line submitted.

- Approved ADA dental codes as published in the current CDT book or as defined in this manual must be used to define all services.

- List all quadrants, tooth numbers and surfaces for dental codes that necessitate identification (extractions, root canals, amalgams and resin fillings). Missing tooth and surface identification codes can result in the delay or denial of claim payment.

- Affix the proper postage when mailing bulk documentation. DentaQuest does not accept postage due mail. This mail will be returned to the sender and will result in delay of payment.

Claims should be mailed to the following address:

DentaQuest - Claims
PO Box 2906
Milwaukee, WI 53201-2906

3.08   Coordination of Benefits (COB)

When DentaQuest is the secondary insurance carrier, a copy of the primary carrier's Explanation of Benefits (EOB) must be submitted with the claim. For electronic claim submissions, the payment made by the primary carrier must be indicated in the appropriate COB field. When a primary carrier's payment meets or exceeds a provider's contracted rate or fee schedule, DentaQuest will consider the claim paid in full and no further payment will be made on the claim.

3.09   Filing Limits

Each provider contract specifies a specific timeframe after the date of service for when a claim must be submitted to DentaQuest. Any claim submitted beyond the timely filing limit specified in the contract will be denied for "untimely filing." If a claim is denied for "untimely filing", the provider cannot bill the member. If DentaQuest is the secondary carrier, the timely filing limit begins with the date of payment or denial from the primary carrier.

3.10   Receipt and Audit of Claims

In order to ensure timely, accurate remittances to each participating Provider, DentaQuest performs an audit of all claims upon receipt. This audit validates Member eligibility, procedure codes and dentist identifying information. A DentaQuest Benefit Analyst analyzes any claim conditions that would result in non-payment. When potential problems are identified, your office may be contacted and asked to assist in resolving this problem. Please contact our Customer Service Department with any questions you may have regarding claim submission or your remittance.

Each DentaQuest Provider office receives an "explanation of benefit" report with their remittance. This report includes patient information and an allowable fee by date of service for each service rendered.

3.11   Direct Deposit

As a benefit to participating Providers, DentaQuest offers Electronic Funds Transfer (Direct Deposit) for claims payments. This process improves payment turnaround times as funds are directly deposited into the Provider's banking account.

To receive claims payments through the Direct Deposit Program, Providers must:

- Complete and sign the Direct Deposit Authorization Form that can be found on the website (www.dentaquest.com).
- Attach a voided check to the form. *The authorization cannot be processed without a voided check.*
- Return the Direct Deposit Authorization Form and voided check to DentaQuest.

       ▪   Via Fax – (262) 834-3589

       ▪   Via Mail – DentaQuest - Claims
                    PO Box 2906
                    Milwaukee, WI 53201-2906

The Direct Deposit Authorization Form must be legible to prevent delays in processing. Providers should allow up to six weeks for the Direct Deposit Program to be implemented after the receipt of completed paperwork. Providers will receive a bank note one check cycle prior to the first Direct Deposit payment.

Providers enrolled in the Direct Deposit process must notify DentaQuest of any changes to bank accounts such as: changes in routing or account numbers, or a switch to a different bank. All changes must be submitted via the Direct Deposit Authorization Form. Changes to bank accounts or banking information typically take 2 -3 weeks. DentaQuest is not responsible for delays in funding if Providers do not properly notify DentaQuest in writing of any banking changes.

Providers enrolled in the Direct Deposit Program are required to access their remittance statements online and will no longer receive paper remittance statements. Electronic remittance statements are located on DentaQuest's Provider Web Portal (PWP). Providers may access their remittance statements by following these steps:

1. Go to www.dentaquest.com
2. Once you have entered the website, click on the "Dentist" icon. From there choose your 'State' and press go.
3. Log in using your password and ID
4. Once logged in, select "Claims/Pre-Authorizations" and then "Remittance Advice Search".
5. The remittance will display on the screen.

4.00   Health Insurance Portability and Accountability Act (HIPAA)

As a healthcare provider, your office is required to comply with all aspects of the HIPAA regulations in effect as indicated in the final publications of the various rules covered by HIPAA.

DentaQuest has implemented various operational policies and procedures to ensure that it is compliant with the Privacy, Administrative Simplification and Security Standards of HIPAA. One aspect of our compliance plan is working cooperatively with our providers to comply with the HIPAA regulations. In relation to the Privacy Standards, DentaQuest has previously modified its provider contracts to reflect the appropriate HIPAA compliance language.   These contractual updates include the following in regard to record handling and HIPAA requirements:

- Maintenance of adequate dental/medical, financial and administrative records related to covered dental services rendered by Provider in accordance with federal and state law.

- Safeguarding of all information about Members according to applicable state and federal laws and regulations. All material and information, in particular information relating to Members or potential Members, which is provided to or obtained by or through a Provider, whether verbal, written, tape, or otherwise, shall be reported as confidential information to the extent confidential treatment is provided under state and feral laws.

- Neither DentaQuest nor Provider shall share confidential information with a Member's employer absent the Member's consent for such disclosure.

- Provider agrees to comply with the requirements of the Health Insurance Portability and Accountability Act ("HIPAA") relating to the exchange of information and shall cooperate with DentaQuest in its efforts to ensure compliance with the privacy regulations promulgated under HIPAA and other related privacy laws.

  Provider and DentaQuest agree to conduct their respective activities in accordance with the applicable provisions of HIPAA and such implementing regulations.

  In relation to the Administrative Simplification Standards, you will note that the benefit tables included in this ORM reflect the most current coding standards (CDT-5) recognized by the ADA. Effective the date of this manual, DentaQuest will require providers to submit all claims with the proper CDT-5 codes listed in this manual. In addition, all paper claims must be submitted on the current approved ADA claim form.

  Note: Copies of DentaQuest's HIPAA policies are available upon request by contacting DentaQuest's Customer Service department at 800-469-6314 or via e-mail at denelig.benefits@dentaquest.com.

4.01   HIPAA Companion Guide

To view a copy of the most recent Companion Guide please visit our website at www.dentaquest.com. Once you have entered the website, click on the "Dentist" icon. From there choose your 'State" and press go. You will then be able to log in using your password and ID. Once you have logged in, click on the link named "Related Documents' (located under the picture on the right hand side of the screen).

5.00   Inquiries, Complaints and Grievances (Policies 200.010, 200.011, 200.013, 200.017)

DentaQuest adheres to State, Federal, and Plan requirements related to processing inquiries, complaints, and grievances. Unless otherwise required by Agency and Plan, DentaQuest processes such inquiries, complaints, and grievances consistent with the following:

A.   Inquiry: An inquiry is the first contact with the Plan (verbal or written) expressing dissatisfaction from the Member, an attorney on behalf of a Member, or a government agency.

B.   Complaint: A complaint is an expression of dissatisfaction (written or verbal) from a Member, an attorney on behalf of a Member, or a government agency registering a request for review of a prior decision.

C.   Grievance: A notice sent by a Member or attorney on behalf of a Member registering a request for formal review of a complaint decision. Issues categorized as grievances have progressed through the inquiry, and complaint levels of the process resulting in a Member's dissatisfaction with the outcome of issue review.

D.   DentaQuest's Complaints/Grievance Coordinator receives Member and Provider inquiries and complaints. The Coordinator investigates the issues, compiles the findings, requests patient records (if applicable), sends the records to the dental consultant for review and determination (if applicable), and obtains a resolution. The appropriate individuals are notified of the resolution (i.e. Plan, Member, and Provider as applicable). The complaint is closed and maintained on file for tracking and trending purposes. Any member and any provider acting on behalf of a member with the member's consent may appeal any utilization management determination resulting in a denial, reduction, suspension or termination of dental services.

E.   The Complaints/Grievances Coordinator receives Member and Provider grievances. The Coordinator requests appropriate documentation, forwards the documentation to the dental consultant for review and determination, and the decision to uphold or overturn the initial decision is communicated to the appropriate individuals.

Note: Copies of DentaQuest policies and procedures can be requested by contacting Customer Service at 800-469-6314. (Policies 200.010, 200.011, 200.013, 200.017)

7.00   Utilization Management Program

7.01   Introduction

Reimbursement to dentists for dental treatment rendered can come from any number of sources such as individuals, employers, insurance companies and local, state or federal government. The source of dollars varies depending on the particular program. For example, in traditional insurance, the dentist reimbursement is composed of an insurance payment and a patient coinsurance payment. In State Medical Assistance Dental Programs (Medicaid), the State Legislature annually appropriates or "budgets" the amount of dollars available for reimbursement to the dentists as well as the fees for each procedure. Since there is usually no patient co-payment, these dollars represent all the reimbursement available to the dentist. These "budgeted" dollars, being limited in nature, make the fair and appropriate distribution to the dentists of crucial importance.

7.02   Community Practice Patterns

To do this, DentaQuest has developed a philosophy of Utilization Management that recognizes the fact that there exists, as in all healthcare services, a relationship between the dentist's treatment planning, treatment costs and treatment outcomes. The dynamics of these relationships, in any region, are reflected by the "community practice patterns" of local dentists and their peers.   With this in mind, DentaQuest's Utilization Management Programs are designed to ensure the fair and appropriate distribution of healthcare dollars as defined by the regionally based community practice patterns of local dentists and their peers.

All utilization management analysis, evaluations and outcomes are related to these patterns. DentaQuest's Utilization Management Programs recognize that there exists a normal individual dentist variance within these patterns among a community of dentists and accounts for such variance. Also, specialty dentists are evaluated as a separate group and not with general dentists since the types and nature of treatment may differ.

7.03   Evaluation

DentaQuest's Utilization Management Programs evaluate claims submissions in such areas as:

- Diagnostic and preventive treatment;
- Patient treatment planning and sequencing;
- Types of treatment;
- Treatment outcomes; and
- Treatment cost effectiveness.

7.04   Results

Therefore, with the objective of ensuring the fair and appropriate distribution of these "budgeted" Medicaid Assistance Dental Program dollars to dentists, DentaQuest's Utilization Management Programs will help identify those dentists whose patterns show significant deviation from the normal practice patterns of the community of their peer dentists (typically less than 5% of all dentists). When presented with such information, dentists will implement slight modification of their diagnosis and treatment processes that bring their practices back within the normal range. However, in some isolated instances, it may be necessary to recover reimbursement.

7.05   Fraud and Abuse

DentaQuest is committed to detecting, reporting and preventing potential fraud and abuse. Fraud and abuse are defined as:

Fraud: Intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person. It includes any act that constitutes fraud under federal or state law.

Member Abuse: Intentional infliction of physical harm, injury caused by negligent acts or omissions, unreasonable confinement, sexual abuse or sexual assault.

Provider Fraud: Provider practices that are inconsistent with sound fiscal, business or medical practices, and result in unnecessary cost to the program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care may be referred to the appropriate state regulatory agency.

Member Fraud: If a Provider suspects a member of ID fraud, drug-seeking behavior, or any other fraudulent behavior should be reported to DentaQuest.

8.00   Quality Improvement Program (Policies 200 Series)

DentaQuest currently administers a Quality Improvement Program modeled after National Committee for Quality Assurance (NCQA) standards. The NCQA standards are adhered to as the standards apply to dental managed care. The Quality Improvement Program includes, but is not limited to:

- Provider credentialing and recredentialing.
- Member satisfaction surveys.
- Provider satisfaction surveys.
- Random Chart Audits.
- Complaint Monitoring and Trending.
- Peer Review Process.
- Utilization Management and practice patterns.
- Initial Site Reviews and Dental Record Reviews.
- Quarterly Quality Indicator tracking (i.e. complaint rate, appointment waiting time, access to care, etc.)

A copy of DentaQuest's Quality Improvement Program is available upon request by contacting DentaQuest's Provider Service Department at 800-469-6314 or via e-mail at:

9.00   Credentialing (Policies 300 Series)

DentaQuest, in conjunction with the Plan, has the sole right to determine which dentists (DDS or DMD); it shall accept and continue as Participating Providers. The purpose of the credentialing plan is to provide a general guide for the acceptance, discipline and termination of Participating Providers. DentaQuest considers each Provider's potential contribution to the objective of providing effective and efficient dental services to Members of the Plan.

DentaQuest's credentialing process adheres to National Committee for Quality Assurance (NCQA) guidelines as the guidelines apply to dentistry.

Nothing in this Credentialing Plan limits DentaQuest's sole discretion to accept and discipline Participating Providers. No portion of this Credentialing Plan limits DentaQuest's right to permit restricted participation by a dental office or DentaQuest's ability to terminate a Provider's participation in accordance with the Participating Provider's written agreement, instead of this Credentialing Plan.

The Plan has the final decision-making power regarding network participation. DentaQuest will notify the Plan of all disciplinary actions enacted upon Participating Providers.

Appeal of Credentialing Committee Recommendations. (Policy 300.017)
If the Credentialing Committee recommends acceptance with restrictions or the denial of an application, the Committee will offer the applicant an opportunity to appeal the recommendation.

The applicant must request a reconsideration/appeal in writing and the request must be received by DentaQuest within 30 days of the date the Committee gave notice of its decision to the applicant.

Discipline of Providers (Policy 300.019)

Procedures for Discipline and Termination (Policies 300.017-300.025)

Recredentialing (Policy 300.016)
Network Providers are recredentialed at least every 24 months.

Note: The aforementioned policies are available upon request by contacting DentaQuest's Customer Service at 800-469-6314 or via e-mail at:

10.00   The Patient Record

A.   Organization

1.   The record must have areas for documentation of the following information:

a.   Registration data including a complete health history.
b.   Medical alert predominantly displayed inside chart jacket.
c.   Initial examination data.
d.   Radiographs.
e.   Periodontal and Occlusal status.
f.   Treatment plan/Alternative treatment plan.
g.   Progress notes to include diagnosis, preventive services, treatment rendered, and medical/dental consultations.
h.   Miscellaneous items (correspondence, referrals, and clinical laboratory reports).

2.   The design of the record must provide the capability or periodic update, without the loss of documentation of the previous status, of the following information:

   a. Health history.
   b. Medical alert.
   c. Examination/Recall data.
   d. Periodontal status.
   e. Treatment plan.

3.   The design of the record must ensure that all permanent components of the record are attached or secured within the record.

4.   The design of the record must ensure that all components must be readily identified to the patient (i.e., patient name, and identification number on each page).

5.   The organization of the record system must require that individual records be assigned to each patient.

B.   Content-The patient record must contain the following:

1.   Adequate documentation of registration information which requires entry of these items:

   a. Patient's first and last name.
   b. Date of birth.
   c. Sex.
   d. Address.
   e. Telephone number.
   f. Name and telephone number of the person to contact in case of emergency.

2.   An adequate health history that requires documentation of these items:

   a. Current medical treatment.
   b. Significant past illnesses.
   c. Current medications.
   d. Drug allergies.
   e. Hematologic disorders.
   f. Cardiovascular disorders.
   g. Respiratory disorders.
   h. Endocrine disorders.
   i. Communicable diseases.
   j. Neurologic disorders.
   k. Signature and date by patient.
   l. Signature and date by reviewing dentist.
   m. History of alcohol and/or tobacco usage including smokeless tobacco.

3.   An adequate update of health history at subsequent recall examinations which requires documentation of these items:

   a. Significant changes in health status.
   b. Current medical treatment.
   c. Current medications.
   d. Dental problems/concerns.
   e. Signature and date by reviewing dentist.

4. A conspicuously placed medical alert inside the chart jacket that documents highly significant terms from health history. These items are:

   a. Health problems which contraindicate certain types of dental treatment.
   b. Health problems that require precautions or pre-medication prior to dental treatment.
   c. Current medications that may contraindicate the use of certain types of drugs or dental treatment.
   d. Drug sensitivities.
   e. Infectious diseases that may endanger personnel or other patients.

5. Adequate documentation of the initial clinical examination which is dated and requires descriptions of findings in these items:

   a. Blood pressure. (Recommended)
   b. Head/neck examination.
   c. Soft tissue examination.
   d. Periodontal assessment.
   e. Occlusal classification.
   f. Dentition charting.

6. Adequate documentation of the patient's status at subsequent Periodic/Recall examinations which is dated and requires descriptions of changes/new findings in these items:

   a. Blood pressure. (Recommended)
   b. Head/neck examination.
   c. Soft tissue examination.
   d. Periodontal assessment.
   e. Dentition charting.

7. Radiographs which are:

   a. Identified by patient name.
   b. Dated.
   c. Designated by patient's left and right side.
   d. Mounted (if intraoral films).

8. An indication of the patient's clinical problems/diagnosis.

9. Adequate documentation of the treatment plan (including any alternate treatment options) that specifically describes all the services planned for the patient by entry of these items:

   a. Procedure.
   b. Localization (area of mouth, tooth number, surface).

10. An Adequate documentation of the periodontal status, if necessary, which is dated and requires charting of the location and severity of these items:

   a. Periodontal pocket depth.
   b. Furcation involvement.
   c. Mobility.
   d. Recession.
   e. Adequacy of attached gingiva.

      f.   Missing teeth.

11.   An adequate documentation of the patient's oral hygiene status and preventive efforts which requires entry of these items:

    a.   Gingival status.
    b.   Amount of plaque.
    c.   Amount of calculus.
    d.   Education provided to the patient.
    e.   Patient receptiveness/compliance.
    f.   Recall interval.
    g.   Date.

12.   An adequate documentation of medical and dental consultations within and outside the practice which requires entry of these items:

    a.   Provider to whom consultation is directed.
    b.   Information/services requested.
    c.   Consultant's response.

13.   Adequate documentation of treatment rendered which requires entry of these items:

    a.   Date of service/procedure.
    b.   Description of service, procedure and observation.
    c.   Type and dosage of anesthetics and medications given or prescribed.
    d.   Localization of procedure/observation. (tooth #, quadrant etc.)
    e.   Signature of the Provider who rendered the service.

14.   Adequate documentation of the specialty care performed by another dentist that includes:

    a.   Patient examination.
    b.   Treatment plan.
    c.   Treatment status.

C.   Compliance

1.   The patient record has one explicitly defined format that is currently in use.
2.   There is consistent use of each component of the patient record by all staff.
3.   The components of the record that are required for complete documentation of each patient's status and care are present.
4.   Entries in the records are legible.
5.   Entries of symbols and abbreviations in the records are uniform, easily interpreted and are commonly understood in the practice.

11.00 Patient Recall System Requirements

A.   Recall System Requirement

Each participating DentaQuest office is required to maintain and document a formal system for patient recall. The system can utilize either written or phone contact. Any system should encompass routine patient check-ups, cleaning appointments, follow-up treatment appointments, and missed appointments for any Health Plan enrollee that has sought dental treatment.

If a written process is utilized, the following language is suggested for missed appointments:

- "We missed you when you did not come for your dental appointment on month/date. Regular check-ups are needed to keep your teeth healthy."

- "Please call to reschedule another appointment. Call us ahead of time if you cannot keep the appointment. Missed appointments are very costly to us. Thank you for your help."

Dental offices indicate that Medicaid patients sometimes fail to show up for appointments. DentaQuest offers the following suggestions to decrease the "no show" rate.

- Contact the Member by phone or postcard prior to the appointment to remind the individual of the time and place of the appointment.

- If the appointment is made through a government supported screening program, contact staff from these programs to ensure that scheduled appointments are kept.

B.   Office Compliance Verification Procedures

- In conjunction with its office claim audits described in section 4, DentaQuest will measure compliance with the requirement to maintain a patient recall system.

- DentaQuest Dentists are expected to meet minimum standards with regards to appointment availability.

- Urgent care must be available within 48 hours.

- Emergency care must be available within 24 hours.

Follow-up appointments must be scheduled within 30 days of the present treatment date, as appropriate.

12.00   Radiology Requirements

Note: Please refer to benefit tables for radiograph benefit limitations.

DentaQuest utilizes the guidelines published by the Department of Health and Human Services, Center for Devices and Radiological Health.   These guidelines were developed in conjunction with the Food and Drug Administration.

A.   Radiographic Examination of the New Patient

1.   Child – primary dentition

The Panel recommends posterior bitewing radiographs for a new patient, with a primary dentition and closed proximal contacts.

2.   Child – transitional dentition

The Panel recommends an individualized periapical/occlusal examination with posterior bitewings OR a panoramic radiograph and posterior bitewings, for a new patient with a transitional dentition.

3.   Adolescent – permanent dentition prior to the eruption of the third molars

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new adolescent patient.

4.   Adult – dentulous

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new dentulous adult patient.

5.   Adult – edentulous

The Panel recommends a full-mouth intraoral radiographic survey OR a panoramic radiograph for the new edentulous adult patient.

B.   Radiographic Examination of the Recall Patient

1.   Patients with clinical caries or other high – risk factors for caries

a.   Child – primary and transitional dentition

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for those children with clinical caries or who are at increased risk for the development of caries in either the primary or transitional dentition.

b.   Adolescent

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adolescents with clinical caries or who are at increased risk for the development of caries.

c.   Adult – dentulous

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adults with clinical caries or who are at increased risk for the development of caries.

d.   Adult – edentulous

The Panel found that an examination for occult disease in this group cannot be justified on the basis of prevalence, morbidity, mortality, radiation dose and cost. Therefore, the Panel recommends that no radiographs be performed for edentulous recall patients without clinical signs or symptoms.

2.   Patients with no clinical caries and no other high risk factors for caries

a.   Child – primary dentition

The Panel recommends that posterior bitewings be performed at an interval of 12-24 months for children with a primary dentition with closed posterior contacts that show no clinical caries and are not at increased risk for the development of caries.

b.   Adolescent

The Panel recommends that posterior bitewings be performed at intervals of 12-24 months for patients with a transitional dentition who show no clinical caries and are not at an increased risk for the development of caries.

c.   Adult – dentulous

The Panel recommends that posterior bitewings be performed at intervals of 24-36 months for dentulous adult patients who show no clinical caries and are not at an increased risk for the development of caries.

3.   Patients with periodontal disease, or a history of periodontal treatment for child – primary and transitional dentition, adolescent and dentulous adult

The Panel recommends an individualized radiographic survey consisting of selected periapicals and/or bitewing radiographs of areas with clinical evidence or a history of periodontal disease, (except nonspecific gingivitis).

4.   Growth and Development Assessment

a.   Child – Primary Dentition

The panel recommends that prior to the eruption of the first permanent tooth, no radiographs be performed to assess growth and development at recall visits in the absence of clinical signs or symptoms.

b.   Child – Transitional Dentition

The Panel recommends an individualized Periapical/Occlusal series OR a Panoramic Radiograph to assess growth and development at the first recall visit for a child after the eruption of the first permanent tooth.

c.   Adolescent

The Panel recommends that for the adolescent (age 16-19 years of age) recall patient, a single set of Periapicals of the wisdom teeth OR a panoramic radiograph.

d.   Adult

The Panel recommends that no radiographs be performed on adults to assess growth and development in the absence of clinical signs or symptoms.
