Class IV

Medically Necessary Orthodontics (Please see the *Schedule of Benefits* for frequency and limitations for the coverage you have purchased.)

Orthodontic services which are covered under this *Agreement* are limited to Medically Necessary Orthodontic Treatment, as described in this section. Medical necessity will be determined by *the Plan* after review of the orthodontic case records, which must be submitted for approval prior to the

commencement of treatment. *Covered Individuals* must have a severe, dysfunctional, handicapping malocclusion caused by craniofacial anomalies which would constitute an impairment of or the hazard to eat, chew, speak or breath in order for orthodontic services to be deemed Medically Necessary Orthodontic Treatment. An orthodontic case must be dysfunctional in order to be approved for benefits. Crowding alone is not usually dysfunctional in spite of the aesthetic considerations.

In order for orthodontic services to be covered under the *Agreement*, prior approval of the orthodontic services by *the Plan* through the PreTreatment Review process is required. Even though pretreatment estimates are not a guarantee of benefits, obtaining a pretreatment estimate is part of the process required for determining whether the orthodontic services are Medically Necessary Orthodontic Treatment and covered under this *Agreement*, and an important part of making a well-informed decision about orthodontic services, including what the *Agreement* may or may not cover.

Services to treat disorders of the joints of the jaw (temporomandibular joints) is a covered service only for persons under age 19 as part of Medically Necessary Orthodontic Treatment. Treatment of temporomandibular joint dysfunction is limited to history and examination; radiographs, which must be diagnostic for temporomandibular joint dysfunction and occlusal guards that are not otherwise reimbursable under a major medical plan.

5. TERMINATION OF POLICY

A. You may cancel this *Agreement* as set forth in this section.

1. Termination of coverage obtained through the *FFM*. The following termination rules apply when you cancel coverage obtained through the *FFM*.
 - a) You must provide the *FFM* with notice at least 14 days prior to the proposed effective date of termination. The last day of coverage is the termination date specified by you in the notice of termination. You can provide notice to the *FFM* either by calling at 1-800-318-2596 or by logging on to your personal account at www.healthcare.gov.
2. Termination of coverage not obtained through the *FFM*. The following termination rules apply if coverage is obtained other than through the *FFM*. You may cancel this *Agreement* for any reason. To do so, you must give us notice in writing at least 30 days prior to the termination date.

B. This *Agreement* shall renew or continue in force at your option. In compliance with the federal Health Insurance Portability and Accountability Act of 1996 (P.L.104-191), renewability is guaranteed. The *Agreement* shall remain in force by timely payment of premiums. However, *the Plan* may cancel or refuse to renew this *Agreement* only for the reasons set forth in this section.

1. We may, upon 30 days' notice to you or a longer period if required by state or federal law, cancel or refuse to renew this *Agreement* under any of the following circumstances:
 - a) We may cancel this *Agreement*, subject to the Contestability of Coverage provision set forth in Part V, Section 13, if you make any fraudulent claim or material misrepresentation to us or to any *dentist*, such as an incorrect or incomplete statement on your application, which led us to believe you were eligible for this coverage when in fact you were not. In such a case, cancellation will be as of your *effective date*. We will refund you the premium you have paid us. We will subtract from the refund any payments made for claims under this *Agreement*. If we have paid more for claims under this *Agreement* than you have paid us in premium, we have the right to collect the excess from you.
 - b) We may cancel this *Agreement* if you have not paid your premium, subject to the Grace Period provision under Part V, Section 15 of this *Policy*.

- c) We may cancel this *Agreement* if we decide to withdraw this product, in which case you will be offered a replacement policy.
 - d) We may cancel this *Agreement* if we withdraw entirely from the individual market.
2. If coverage is obtained through the *FFM*, terminations will be initiated by the *FFM*, except for terminations for nonpayment of premium which will be initiated by *the Plan*.
3. Cancellation due to loss of eligibility

This *Agreement* will be canceled if you are no longer eligible because you no longer reside in Wisconsin. The termination date of this coverage shall be the last day of the month in which we were notified of your move and for which the premium has been paid.

Part V

Other Contract Provisions

1. BENEFIT PAYMENTS

IN-NETWORK SERVICES:

If a *covered individual* uses the services of a *contracting dentist*, the in-network benefit allowance is based on the *fee schedule* that the *contracting dentist* has agreed to accept as payment in full for the *covered services* listed in the benefits section, except as provided under item 2 below. *The Plan* pays the *contracting dentist* directly for *covered services*.

OUT-OF-NETWORK SERVICES:

If a *covered individual* uses the services of a *non-contracting dentist*, the benefit for *covered services* is set forth in item 5 below.

2. WHEN YOUR *CONTRACTING DENTIST* MAY CHARGE YOU MORE

When your *contracting dentist* provides *covered services*, he or she must accept the fee in the *fee schedule* as payment in full. In the following cases you will be responsible for the difference between *the Plan* payment and the *dentist's* actual charge for *covered services*:

- A. If you have received the maximum benefit allowed for *covered services* as stated in the *Schedule of Benefits*. For example, the maximum dollar amount for a *covered individual* in a calendar year, including the service that caused you to reach the maximum.
- B. If you and your *dentist* decide to use services that are more expensive than those customarily furnished by most *dentists*, benefits will be provided based on the service with the lower fee.
- C. If you receive payment from another person or his or her insurance company for injuries he or she caused.
- D. If, for some reason, you receive services from more than one *dentist* for the same dental procedure or receive services that are furnished in a series during a planned course of treatment. In such a case the total amount of your benefit will not be more than the amount that would have been provided if only one *dentist* had furnished all the services.

3. PRE-TREATMENT ESTIMATES

If your *dentist* expects that dental treatment will involve a series of *covered services* (over \$600), he or she should file a copy of the treatment plan with *the Plan* BEFORE these services are rendered to a *covered individual*. A treatment plan is a detailed description of the procedures that the *dentist* plans to perform and includes an estimate of the charges for each service.

Upon receipt of the treatment plan, we will notify you and your *dentist* about the maximum extent of your benefits for the services reported. The pre-treatment estimate of benefits is valid for 90 days after the date we notify you, your covered *dependents* and the *dentist* of the benefits payable for the proposed treatment plan. If treatment is to commence more than 90 days after the date we notify you, your covered *dependents* and the *dentist* of the benefits payable for the proposed treatment plan, a new treatment plan may be submitted.

IMPORTANT NOTE: Pre-treatment estimates are calculated based on current available benefits and the patient's eligibility. Estimates are subject to modification and eligibility that applies at the time services are completed and a claim is submitted for payment. The pre-treatment estimate is NOT a guarantee of payment or a preauthorization.

4. WHEN YOUR *CONTRACTING DENTIST* IS TERMINATED

If the *contracting dentist* is terminated for any reason other than fraud, patient abuse, incompetency or loss of license status, he/she shall continue to provide *dental services* to complete the procedure(s) in progress for at least 90 days from the date of notice of termination, as if his/her *contracting dentist* agreement with *the Plan* was still in effect. *The Plan* will compensate the *dentist* for such services in accordance to the terms set forth in the *contracting dentist* agreement.

If the *contracting dentist* terminates the *contracting dentist* agreement, the *contracting dentist* shall continue to provide, for at least 90 days after the date of notice of termination to *the Plan*, *dental services* to a *covered individual* of *the Plan* for whom the *contracting dentist* was responsible for the delivery of *dental services* prior to the notice of termination. The *contracting dentist* will provide orthodontic treatment begun when coverage was in effect, at the rates set forth in the *contracting dentist* agreement.

5. BENEFIT PAYMENTS FOR SERVICES BY *NON-CONTRACTING DENTISTS*

- A. If you receive services from a *non-contracting dentist*, you may be required to pay more out of pocket than for services provided by most *contracting dentists*. Benefits for *covered services* provided by a *non-contracting dentist* are based on the lesser of the *dentist's* submitted fee or the payment amount for services that may be provided by a *contracting dentist* in accordance with the *fee schedule*. In addition, you will be responsible for paying any difference between *the Plan's* payment to a *non-contracting dentist*, after any *deductible* or *coinsurance* amounts are calculated based on the maximum allowable charge as indicated on the *fee schedule*, and the *non-contracting dentist's* total charge, if his/her total charge exceeds the *fee schedule* amount for that covered procedure(s). Benefits are payable in accordance with the terms and conditions of the applicable *Schedule of Benefits* in effect at the time services are rendered.
- B. A *covered individual* may request a referral to a specialist who is a *non-contracting dentist* if (a) a *covered individual* is diagnosed with a condition or disease that requires specialized dental care; and (b) *the Plan* has not contracted with a specialist with the professional training and expertise to treat the condition or disease; and, (c) the specialist agrees to be reimbursed the same allowed benefit as would be provided to a specialist who is a *contracting dentist*.

To find out if your *dentist* participates with *the Plan* ask your *dentist* if he or she has an agreement with us, call our Customer Service department, visit our website, or check the directory of *contracting dentists*.

6. EMERGENCY CARE

All dental expenses for emergency services are paid as any other expense. Nothing in this *Policy* will prohibit a *covered individual* from seeking emergency care whenever the individual is confronted with an *emergency medical condition* which in the judgment of a prudent layperson would require pre-hospital emergency services. This includes the option of calling the local pre-hospital emergency medical services system by dialing 911, or its local equivalent. Emergency dental care is defined in Part I. If you utilize the *dental services* of a *non-contracting dentist*, benefits will be paid under the out-of-network *Plan* benefits described in item 5 above.

7. SUBROGATION

A *covered individual* may have a legal right to recover some costs of his/her dental care from someone else because another person has caused his/her illness or injury. When a *covered individual* has this right, the *covered individual* must allow *the Plan* the right to recover any payments it has made for the illness or injury. If a *covered individual* recovers money from someone else, the *covered individual* must repay *the Plan* for the payments that it has made. *The Plan's* recovery rights are limited to the amount remaining after the covered individual has been made whole. The repayment amount can be reduced only by *the Plan's* share of the *covered individual's* reasonable cost of collecting the claim against the other person, or if the payment received is described as payment for other than dental expenses. A *covered individual* is obligated to provide *the Plan* with the written authorization, information and assistance necessary to help *the Plan* recover its payment, and must not do anything to prohibit *the Plan* from collecting its repayment.

8. WE MUST HAVE ACCESS TO YOUR DENTAL RECORDS AND/OR OTHER RELEVANT RECORDS

You agree that when you claim benefits under this *Policy*, you give us the right to obtain all dental records and/or other related information that we need from any source for claims processing purposes. This information will be kept strictly confidential and is subject to federal and state privacy and confidentiality regulations.

Contracting dentists have agreed to give us all information necessary to determine your benefits under this *Policy* and have agreed not to charge for this service.

9. PREMIUM

The amount of money that you are responsible for paying to *the Plan* for your benefits under this *Agreement* is called your premium. We will send you a notice at least 60 days before any change in your premium goes into effect. Your premium will not change more than once every 12 months.

10. WE MAY CHANGE YOUR POLICY

We will send a notice each time we change all or part of your *Policy*, describing the change(s) being made. Changes to the *Policy* may include the addition or deletion of riders as well as plan design changes.

The notice will tell you the *effective date* of the change and the benefits for *covered services* you may receive on or after the *effective date*. There is one exception: If before the *effective date* of the change, you started receiving services for a procedure requiring two or more visits, we will not apply the change to services related to that procedure.

11. REINSTATEMENT

- A. Reinstatement of coverage obtained through the *FFM*. If any renewal premium is not paid within the required time period and expiration of the grace period stated in Part V, Section 24, this *Policy* and its coverage for you and any of your covered *dependents* will lapse. You must contact the *FFM* for information on reinstatement. You and your covered *dependents* may not be eligible to re-enroll in coverage through the *FFM* until the next open enrollment period or qualification for a special enrollment period.
- B. Reinstatement of coverage not obtained through the *FFM*. If any renewal premium is not paid within the required time period and expiration of the grace period stated in Part V, Section 24, this *Policy* and its coverage for you and any of your covered *dependents* will lapse. A subsequent acceptance of premium by us or an agent authorized by us to accept your premium payment, without requiring in connection therewith an application for reinstatement, shall reinstate the *Policy*. However, we may ask for a new application to accept your premium and reinstate your policy. If we require an application for reinstatement and issue a conditional receipt for the premium tendered, the *Policy* will be reinstated upon approval of such application by us or, lacking such approval, upon the 45th day following the date of the conditional receipt unless we previously notified you in writing of our disapproval of the application.

If the coverage is reinstated, *dental services* will be covered only if received on or after the date of reinstatement. In all other respects, we as well as you and your covered *dependents* will have the same rights as existed under this *Policy* before the coverage lapsed, subject to any provisions included with or attached to this *Policy* in connection with the reinstatement. We will apply the reinstated premium to the period for which the premium was not paid. However, we will not apply premium to any period over 60 days prior to reinstatement.

12. MISSTATEMENT OF AGE

If the age of the *subscriber*, or any covered *dependents*, has been misstated, there shall be an adjustment of premium so that there shall be paid to us the premium for coverage of such person at the correct age and the amount of coverage shall not be affected.

13. CONTESTABILITY OF COVERAGE

All statements, in the absence of fraud, made by you shall be deemed representations and not warranties, and no such statement shall void the insurance or reduce benefits thereunder unless contained in a written application.

After this *Policy* has been in effect for 2 years, we will not use any material misstatements you may have made in your application, except any fraudulent misstatements, either to void this *Policy* or to deny a claim for any *covered services* incurred after the expiration of such 2 year period.

14. BENEFITS AFTER CANCELLATION

If this *Policy* is cancelled, no benefits will be provided for services that you receive after the effective date of the cancellation, except as set forth in this section.

Benefits will be provided for a course of treatment for 90 days after the date coverage terminates if the treatment: (i) begins before the date coverage terminates; and (ii) requires two or more visits on separate days to a *dentist's* office.

15. GRACE PERIOD

A. General Grace Period

A grace period of 31 days will be granted for payment of each premium payment due after the first premium payment. During the grace period, the *Agreement* shall continue in force. If premiums are not received by the 31st day of the grace period, the *Agreement* will automatically terminate as of the 31st day of the grace period.

B. Three Month Grace Period for a *Subscriber* Receiving Advance Payments of the Premium Tax Credit

If a *subscriber* is receiving advance payments of the premium tax credit, and the *subscriber* has previously paid at least one full month's premium during the *Benefit Year*, the grace period is extended to 3 consecutive months.

During the 3 month grace period, the *Plan* shall:

- Pay all claims for *covered services* rendered to the *subscriber* during the first month of the grace period, but may pend claims for *covered services* rendered to the *subscriber* during the 2nd and 3rd months of the 3 month grace period.
- Notify the HHS of the *subscriber's* non-payment of premium.
- Notify *dentists* of the possibility for denied claims for *covered services* when a *subscriber* is in the 2nd and 3rd months of the 3 month grace period.

During the 3 month grace period, the *Plan* shall also:

- Continue to collect the advance payments of the premium tax credit on behalf of the *subscriber* from the Department of Treasury.
- Return the advance payment of the premium tax credit to the United States Department of Treasury that the *Plan* collected on behalf of the *subscriber* for the 2nd and 3rd months of the 3 month grace period if the *subscriber* exhausts the 3 month grace period.

16. NOTICES

- A. To you: We will send notices and/or bills to you by first class mail. Once we mail the notice or bill we are not responsible for its delivery. This applies to a notice of a change in the premium or a change in the *Policy*. If your name or mailing address should change, you should notify *the Plan*. Be sure to give *the Plan* your old name and address as well as your new name and address.
- B. To us: Send letters to Dental Care Plus, Inc., 10300 Springfield Pike, Cincinnati, OH 45215. Always include your name and *subscriber* identification number.

17. WHEN AND HOW BENEFITS ARE OBTAINED AND PROVIDED

This *Policy* is designed to provide high quality dental care while controlling the cost of such care. To do this, this *Policy* encourages the *covered individual* to seek dental care from *contracting dentists*, however, you are free to select the *dentist* of your choice.

When application is made under this *Policy*, the *covered individual* receives a welcome packet which includes a dental plan identification card.

Benefits will be provided ONLY for those *covered services* that are furnished on or after the *effective date* of this *Policy*. If, before the *effective date*, you or a covered *dependent* started receiving services for a procedure that requires two or more visits, NO BENEFITS are available for services related to that procedure.

In order for you to receive any of the benefits for which you may have a right, you must inform your *dentist* that you are a *covered individual* and supply him or her with your *subscriber* identification number and any necessary information needed to file your claim. If you fail to inform your *dentist* within 12 months after the services are rendered, we will no longer be obligated to provide any benefits for those services.

18. WE ARE NOT RESPONSIBLE FOR THE ACTS OF *DENTISTS*

We will not interfere with the relationship between *dentists* and patients. You are free to select any *dentist*. It is your responsibility to find a *dentist*. We are not responsible if a *dentist* refuses to furnish services to you. We are not liable for injuries or damages resulting from the acts or omissions of a *dentist*.

19. COORDINATION OF BENEFITS

The Coordination of Benefits (“COB”) provision applies when a person has health care coverage under more than one plan. “Plan” is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans does not exceed 100% of the total allowable expense.

DEFINITIONS

- A. For purposes of this section, a “plan” is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. “Plan” includes: group and nongroup insurance contracts and subscriber contracts; health insuring corporation (“HIC”) contracts; uninsured arrangements of group or group-type coverage; group or nongroup coverage through closed panel plans; medical care components of long-term care contracts, such as skilled nursing care; medical benefits in automobile “no fault” and traditional automobile “fault” type contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. “Plan” does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage; school accident type coverage covering grammar, high school, and college students for accidents only; benefits for non-medical components of long-term care policies; benefits in long-term policies that pay a fixed daily benefit without regard to expenses incurred or the receipt of service in long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
 3. “Health care coverage” includes coverage for *dental services*.
 4. “Health care services” includes *dental services*.

Each contract for coverage under (1) or (2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

- B. “This Plan” means, in a COB provision, the part of the contract providing health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether this Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan.

When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan’s benefits. When this Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits do not exceed 100% of the total allowable expense.

D. For purposes of this section, “allowable expense” is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless the patient’s stay in a private hospital room is medically necessary in terms of generally accepted medical practice.
 2. If a Subscriber is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
 3. If a person is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
 4. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan’s payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan’s payment arrangement and if the provider’s contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
 5. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. “Closed panel plan” is a plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

- F. “Custodial parent” is the parent awarded custody of a child for more than one-half of the calendar year by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

- A. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other plan.
- B. 1. Except as provided in Paragraph (2), a plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both plans state that the complying plan is primary.
2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- C. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
- D. Each plan determines its order of benefits using the first of the following rules that apply:
1. Non-dependent or dependent. The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the primary plan and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent, and primary to the plan covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, policyholder, subscriber or retiree is the secondary plan and the other plan is the primary plan.
2. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one plan the order of benefits is determined as follows:
- a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- i. The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - ii. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with the responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This rule does not apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the plan has actual knowledge of the terms of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (1) The plan covering the custodial parent.
 - (2) The plan covering the spouse of the custodial parent.
 - (3) The plan covering the non-custodial parent.
 - (4) The plan covering the spouse of the non-custodial parent.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

3. Active employee or retired or laid-off employee. The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan covering that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
5. Longer or shorter length of coverage. The plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the secondary plan.
6. If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a plan year are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. Wisconsin DentaTrust may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. Wisconsin DentaTrust need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give us any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, we may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by us is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

COORDINATION DISPUTES

If you believe that we have not paid a claim properly, you should first attempt to resolve the problem by contacting us at 800-436-5294 or www.dentaquest.com. If you are still not satisfied, you may call the Wisconsin Office of the Commissioner of Insurance for instructions on filing a consumer complaint. Call (800)-236-8517 or (608)-266-3585, or visit the Department’s website at <https://oci.wi.gov>.

RIGHT TO RECOVER OVERPAYMENTS

If we pay more than we should have under COB, then you must refund any overpayment to *the Plan*.

<p>IMPORTANT: No statement in this section should be interpreted to mean that we will provide any more benefits than those already described in the Benefits Section of this <i>Policy</i>. Remember that under COB, the total of the payments made for <i>covered services</i> will not be more than the total of the allowed charges for those <i>covered services</i>. We will not provide duplicate benefits for the same services. If you have any questions about COB and your <i>Policy</i>, please contact our Customer Service department at 1-800-436-5294.</p>

20. CHOICE OF LAW

This *Policy* shall be construed according to the laws of the State of Wisconsin. Any provision of this policy which, on its effective date, is in conflict with the statutes of the state of Wisconsin on such date is hereby amended to conform to the minimum requirements of such statutes.

21. PHYSICAL EXAMINATIONS AND AUTOPSY
