

JOIN OUR NH ADULT MEDICAID PROVIDER NETWORK

See more patients and ensure access to quality care for all by partnering with us!

With nearly 90,000 adults enrolled in New Hampshire Medicaid, it's providers like you who are making access possible — and we want to assist you in ensuring that right is available to all.

Northeast Delta Dental has teamed up with DentaQuest and we invite you to join our team of network providers caring for the adult Medicaid population in New Hampshire.

Decades of Government Program Experience

DentaQuest, the nation's largest Medicaid dental benefits administrator, is ready to go with systems and tools to support government programs. Our quality assurance programs and compliance resources ensure that we meet and exceed service level metrics and operational requirements in every state. No one has more experience administering Medicaid programs than DentaQuest.

New Hampshire's Adult Medicaid Dental Program

Northeast Delta Dental and DentaQuest have created a dental offering for New Hampshire residents that will offer:

- Care coordination and case management
- Transportation assistance
- Enhanced preventive benefits for all patients
- And more

We appreciate the positive impact network providers make, and we believe you should have maximum control over your practice. **You decide how many patients you want to accept, so you can partner with us on your own terms.** We understand there are many factors involved in making a decision to participate in a dental program, and we believe our experience and expertise allow you to provide quality care with limited administrative burden.

WHY JOIN US?

Online eligibility verification, member claims history, claims submission and authorization requests

Fast, compliant turnaround on authorization requests

Member and provider complaint, appeal and grievance facilitation

Robust reporting, including utilization and encounter data

Local provider relations representatives and provider education resources

Convenient weekly adjudication and payment cycle
