RE: MDwise IHCP dental networks to be limited to credentialed providers

Dear Provider:

MDwise has received approval from the Indiana Office of Medicaid Policy and Planning (OMPP) to restrict participation in their dental provider network to dentists credentialed with DentaQuest. This change will be effective 12/26/2018. After that date, DentaQuest will no longer accept claims from providers who are not credentialed with DentaQuest for members of MDwise plans.

If you are already credentialed with DentaQuest, then you need to take no further action. If you are not credentialed and wish to continue providing services to MDwise members after 12/26/2018, then you must have completed the credentialing process by 12/26/2018.

The most efficient way to become credentialed is by using the online credentialing application located on the DentaQuest website at www.dentaquest.com/provider-enrollment.

If you have any questions about the credentialing process or your application you may call the DentaQuest Credentialing Help Desk at 800-233-1468 or contact your provider partner listed below.
