PURPOSE

DentaQuest has developed a process to ensure all authorization determination decisions are communicated timely and in writing to the Provider and Member.

POLICY

All authorization decisions are communicated in a written letter of determination to the Provider and to the Member. The content of the letter includes information required by State and/or Federal guidelines and by Plan contract and/or NCQA requirements.

PROCEDURE

All written member notification is sent via a Notice of Action (NOA) letter in a format and with the content that has been approved by the Plan and State.

All written provider notification is sent via a Provider Determination (PDL) letter. This is in a standard format developed by DentaQuest.

A. Approval Notification

DentaQuest ensures notification remains within the timeline for notification required by either regulatory and/or contractual requirements.

1. Providers are sent written notification of the approval within the following time frames:
 - a. Two (2) business days of a standard 2-day preauthorization determination.
 - b. Same day of an urgent 24-hour preauthorization determination.
2. The Provider written notice will include:

 1. The 15 languages may be based on the client's member population and the top language spoken as primary language rather than the languages prevalent in the state.
 - ix. A discrimination notice that indicates DentaQuest does not discriminate. The notice also gives the member information and instruction how to file a complaint with DentaQuest or with HHS if they feel they have been discriminated against.
 1. Based on client preference, the discrimination notice may be client specific and direct all discrimination complaints to the client, rather than to DentaQuest.

D. Denial Notification

For any standard authorizations denied, DentaQuest sends the member a Notice of Action (NOA). The requesting Provider is also sent a copy of the member letter.
